

# WORKDAY FOR HEALTHCARE

Get the most out of your  
Workday investment

## We've got you covered.

Avaap is a Workday Deployment, Application Managed Services (AMS), and Advisory Partner – providing the cloud-based support that allows hospitals and health systems to focus on business transformation, growth, customer satisfaction, and get maximum value out an investment in Workday.

### PLATFORM

#### WORKDAY EXPERTISE

Since 2016, Avaap has been certified to deploy Workday. Avaap's strategic partnership with Workday helps our clients achieve greater results from their Workday investment. We offer a broad portfolio of services to help you accelerate business goals, deploy new capabilities, or integrate third-party solutions.

### INDUSTRY

#### WE KNOW HEALTHCARE

Avaap has deep experience providing all aspects of IT consultation to community, critical access, non-acute care, long term care, acute care, and large hospital systems. Our managed services experts help you optimize and enhance the Workday experience to increase patient, physician and staff experiences and financial performance.

#### AVAAP'S WORKDAY OFFERINGS

##### DEPLOYMENT

Shift to the addition of services that enable your organization to run its best. Let us guide you through your Workday deployment.

##### ADVISORY SERVICES

Avaap has the skills, expertise, and capacity for advising on the adoption of a Workday solution that's best for your organization.

##### MANAGED SERVICES

Avaap helps you maintain and grow the value of the Workday investment through managed service offerings.

##### INTEGRATION

With full-service integration support, Avaan can onboard you and your team as you expand and adapt to the Workday platform.

“

**Avaap is an excellent partner. They drive the work like it is their own. They offer outstanding delivery skills and value for the money we spend.”**

### BUILD YOUR PROGRAM

## EXCEPTIONAL CONSULTANTS. SUSTAINABLE RESULTS.

Avaap is a KLAS-recognized industry-focused management and technology consulting firm with experience in Workday, Tableau, and other applications. We offer full life cycle expertise from system selection through post-production support, including BI and data analytics and a strategic approach to change management powered by research, data, and best practices.
