POST-PRODUCTION SERVICES FOR WORKDAY STUDENT
FAFSA CHANGES SUPPORT

The Free Application for Federal Student Aid (FAFSA) Simplification ACT aims to simplify the financial aid application process and reduce the administrative burden on staff. However, the changes in how aid gets determined presents several challenges from a systems perspective.

Avaap's Application Management Services (AMS) team can help your organization prepare for these changes in Workday Student.

What's Happening?

Changes to the FAFSA form for the 2024-2025 year include:

- ✓ How financial aid is determined
- ✓ How information collected from applicants
- ✓ Eligibility for Federal Pell Grant
- ✓ The FAFSA application will open in December 2023, a few months later than usual

Organizations live on Workday Student will need to review their current configuration and make changes according to the new guidelines before the form opens in December.

How Can Avaap Help?

Avaap's Workday experts are helping institutions prepare for these changes, including updating configuration to meet new regulations, ensuring student information is collected and stored properly, and automating processes to limit manual intervention.

Our change management team brings deep education industry experience to prepare your financial team to be ready for the updates.

Avaap is here every step of the way to ensure your organization and students' success.

Avaap is a higher education-focused Workday AMS Partner that offers comprehensive, high-quality Workday post-production and optimization services.

We offer flexible, personalized support packages delivered by dedicated, experienced Workday certified resources. Avaap's AMS team helps your institution stabilize, then optimize the investment in Workday and student success.
