# INCREASE YOUR ORGANIZATION'S EFFECTIVENESS

RAPID ORGANIZATIONAL ASSESSMENT

Take the first step to increasing your team or organization's effectiveness by gaining insight into the dynamics that impact performance. Avaap's 12-week Rapid Organizational Assessment provides critical insights, guides decision-making and fosters continuous improvement within an organization. Our diagnostic tools assess and theme insights across five dimensions – strategy, structure, processes, rewards, and people.

◆ **A comprehensive, data-driven assessment approach across five dimensions**

◆ **Identify pain points, inefficiencies, and areas of improvement**

◆ **Prioritize action and drive alignment using Avaap's Recommendation Roadmap**

Recommendation Roadmap Example

The Recommendation Roadmap delivers actionable observations and data-driven guidance that enables leaders to prioritize actions based on the organization's unique timeline, budget, and internal resource allocation.

RAPID ORGANIZATIONAL ASSESSMENT FOCUS AREAS

STRATEGY

The organization's goals and direction, including the company's mission, vision, and objectives.

STRUCTURE

How the organization is set up, including hierarchy, departments, and reporting relationships.

PROCESSES

How information flows and the decision-making procedures within the organization. It includes both formal and informal processes.

REWARDS

The systems for motivating and compensating employees, including salary, bonuses, recognition, and career development opportunities.

PEOPLE

The human resource policies and practices, including recruitment, training, and development.
