

BECOMING AN EFFECTIVE LEADER OF CHANGE

Designed for people leaders to explore the role they play in leading change. This interactive workshop delves into how effective change leadership can influence how teams experience and can support change initiatives to be successful.

In this workshop, attendees will review the value of change management, explore how change impacts themselves and others, understand their role as a change leader, and develop a change leader roadmap.

LEARNING OBJECTIVES

- ✓ Review the value of change management
- ✓ Explore how change impacts you and others
- ✓ Examine the distinct roles and responsibilities of change team partners
- ✓ Learn and apply five (5) deliverables and tools

Workshop Timing: 4 Educational Hours

FIND OUT MORE

I really appreciated the leadership emphasis that was placed in this course. Much of successful change management requires capable change leaders. The course challenges you to give thoughtful consideration to your change approach and provides useful techniques to lead teams through both small- and large-scale changes.”

Jonathan Adams
Talent Management Manager, Cardinal Health

As a people leader, I always considered change management to be a distraction that I couldn't wait to get off my plate. With the information and tools to empower me, I can put a plan in place, measure to see where I am on track, and what I can do to make improvements.”

Brian Bushrod
Director, Supply Chain Services, Amentum
