

## BAPD QUICK ASSESSMENT

### EMPOWERING ORGANIZATIONS WITH FAST INSIGHTS FOR SMARTER DECISIONS

A structured, rapid assessment of business processes within a function (e.g., hiring, procurement, budgeting, forecasting). Avaap identifies complexities, bottlenecks, redundancies, and risks that limit performance. The outcome is a clear, actionable plan to streamline operations, reduce waste, and accelerate efficiency.

## THE AVAAP DIFFERENCE

- Deep expertise across industries and functional areas
- Proven methodology for uncovering hidden inefficiencies
- Practical recommendations designed for immediate impact
- Support ongoing monitoring and validation with stakeholders

## WHAT TO EXPECT:

- Duration: **2 months**
- Scope: Up to **8 processes**
- Resourcing: **~ \$55,000**

**GET STARTED TODAY:** [info@avaap.com](mailto:info@avaap.com)

## KEY ACTIVITIES & STAGES

### 1 INVENTORY & SCOPE

Select function and processes for review; identify subject matter experts (SMEs).

### 2 CURRENT STATE

Shadow SMEs, whiteboard and map workflows, and document processes.

### 3 CONFIRMATION

Validate process maps and narratives with SMEs; refine documentation.

### 4 FUTURE STATE

Analyze inefficiencies, recommend improvements, and assess impact/cost savings.

### 5 FINAL REPORT

Deliver findings, recommendations, and high-level business case to stakeholders.

### Avaap's quick assessment delivers the benefits you need:

**Clarity:**  
Gain an accurate picture of current-state processes and inefficiencies

**Confidence:**  
Make informed decisions on whether transformation is needed

**Savings:**  
Identify opportunities to lower costs, reduce risk, and eliminate waste

**Efficiency:**  
Receive tailored recommendations to boost productivity and throughput

**Experience:**  
Improve employee, vendor, and customer interactions by streamlining workflows
